Thinking Out Loud

By H. M. L.

Things that happen in actual life are so often more startling than those in the soaring imagination of the novelist. For instance, a San Jose wife charged her husband with cruelty because he hit her over the head with the family's pet spaniel. The judge found he had been cruel both to her and to the dog. Good judge. He saw the picture whole.

The dreadnaught has ceased to be dreadful. The Japs struck the first blow at the prestige of the mighty battle wagons of the sea when they sank the Prince of Wales and the Repulse. Our own bombadiers and pilots finished off the great tradition in the Coral Sea and at Midway. The Navy, so it is reported, will not build the 60,000 ton battle ships it hs long planned. Instead plane carriers will be built and the rest of the fleet will be built and used to protect them. Heavy cruisers now abuilding will be fitted with flat tops and turned into carriers. The dreadnaught sinks into the same martial cemetery where lies the stone axe, the broad sword, and the catapult.

Earl Warren, non-partisan candidate for governor, reports that California now leads all states in war manufactures and that its population has been increased by an influx of a million, workers and families. Less, considerably less, than a century ago Horace Greeley said: "Go West, young man." The advice is still good. For after the war, California will make such strides as no state in the union has made since the Revolution. California fronts on the Pacific and an awakened Asia. Our new empire of trade lies west. California again beckons the adventurous and enterprising, as it did in '49. In this new golden era we shall need a man of Earl Warren's calibre and vision to lead us.

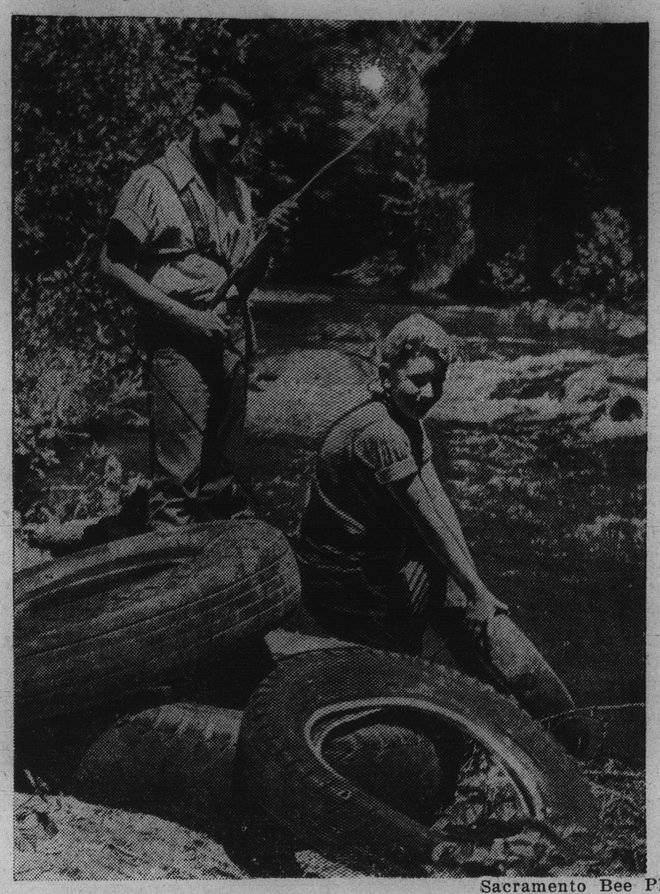
Political dopesters note a few factors that make election forecasting very chancy this fall. Perhaps some five hundred thousand young voters of California are in the armed forces. These are the young liberals, generally speaking. While they will be given an opportunity to cast absent ballots, it is not believed many will do so, since other matters are more pressing. On the other hand those who will remain at home are the elderly and the conservative, who remember and who associate genuine prosperity with the Republican regime. While an approximate half million men have moved out of the state, or are in the armed forces, probably a half a million new citizens have arrived to work in war factories. Only a small percentage of these have been able to meet the California residence requirements for registration. On the whole all signs point to a Republican regime beginning January 1, 1943.

Only Australia, which pays its soldiers $54 a month, now pays more than the United States. The recent increase of soldiers' pay to $50 per month, is going to make this war a lot easier on the boys in uniform and their folks at home. It does away with a condition of rank injustice in which war industrial workers received $75 per week and soldiers, with board, room and accessories, approximately $75 per menth. Soldiers and sailors are still underpaid as compared to war industrial workers.

One woman's galosh, one rubber ice-pack bag, and a couple of rubber stoppers were the donation the editor's family to the rubber salvage campaign. It was all that garret and cellar yielded. Regretfully we recall the tires, the old, leaky hose, and hot water bags that went to the city dump in years agone. But we did not know a war and rubber shortage was coming up. Well, anyway, there's a cents' worth to the scrap rubber heap.

Speaking of rubber, we think Henry Ford should receive a special medal of vulcanized rubber for being so far sighted as to establish a great rubber plantation in Brazil many years ago. We hear little about it nowadays but we suspect that Henry Ford was and is just about one jump ahead of our top industrialists. We owe him a lot including assembly lines for swift and cheap construction of mechanical goods. We believe his name will shine brightly in the long corridors of time. Since "peace ships" days of 1917 Henry Ford has stuck closely to his knitting. If we had to appraise him in a single sentence we would say that he is the world's greatest industrial genius.

FISHING WAS GOOD



Sacramento Bee Photo.

Tom Barry, with fishing pole, and Stanley Bates, son of Councilman Al Bates of this city, aided Nevada City's drive for scrap rubber as well as their own pocketbook when they recalled where they saw several huge truck and other tires while on a Deer Creek fishing expedition a year ago. The boys returned to the scene and sure enough the tires were still there. No time was lost in pulling them out of the creek and taking them to a local service station. At a penny a pound for the rubber, the boys netted about $5 for their good memory.

NEVADA CITY BEHIND YREKA IN RUBBER DRIVE CONTEST

In excess of 82,000 pounds of rubber has been collected in Nevada City to aid the nation's scrap rubber drive but still the total here is quite a few tons short of the amount collected in Yreka, a town of comparable size. Yreka issued a challenge to Nevada City to determine which city could collect the largest amount of rubber.

The Nevada City Rotary Club has been endeavoring to overtake Yreka's lead and the local club's effort materially increased the total of rubber gathered here. Monday night the Rotary received the following telegram from Walter Stafford, editor of the Siskiyou Daily News.

"Can we send you any rubber express collect to help with your campaign to overtake our 50 ton total?"

That was the first news in Nevada City of the amount of rubber collected by Yreka. That community's 100,000 pounds has probably been increased somewhat since the telegram was sent.

The total amount of rubber collected in entire Nevada County is now near the 300,000 pound mark.

Clarence Martz Appointed Suppression Crew Foreman

Paul Case, District Forest Ranger for the Bloomfield District of the Tahoe National Forest, announces the appointment of Clarence Martz of Nevada City as fire suppression crew foreman at White Cloud Camp on the Thoe Ukiah Highway. Martz, though not employed by the Service for the past few years, is a veteran of many years with the Tahoe Forest. According to Ranger Case, this crew will maintain or construct approximately 100 miles of telephone line and maintain all public camps on the district when not engaged with actual suppression of fires.

BPWC MEMBERS ENJOY CARNIVAL AT PIONEER PARK

Forty members and guests of the Nevada City Business - Professional Women's Club gathered at the fireplace in Pioneer Park for the second annual carnival last evening.

Many games and concessions were prepared by Jessie Robinson and her committee. They were thoroughly enjoyed by all who attended.

Two boxes of candy were raffled and the luck winners were Mrs .H. E. Kjorlie and Mrs. K. N. Adams. A fortune telling booth presided over by Miss Dorothy Waggoner proved a great success.

A short business meeting was held to determine what the club wished to do about the Fourth of July. It was decided to enter a float in the parade and participate with H. Ward Sheldon for the USO.

Ralph Smith Resigns As Music Instructor

The Nevada City Board of Education, at its meeting here this week, regretfully accepted the resignation of Ralph Smith, music instructor at the high nd elementary schools here.

Smith was offered a better position in the Dixon High School and resigned his position here to accept it.

He will be succeeded here by George D. Cather, who taught at Weaverville last year.

FOURTH GROUP WILL MEET HERE TONIGHT

With just a little more than a week remaining before the arrival of this anniversary of independence. Nevada City's Fourth of July committees are rapidly formulating plans for a gigantic celebration.

All committee members and interested citizens will meet tonight in the City Hall here to discuss the plans. Irvine Seaman, general chairman will preside.

Grass Valley's city council, civic and fraternal organizations have pledged their support to Nevada City in the staging of the Independence Day fete here and many of that community's organizations will be represented in the parade line of march. Bert Chegwiddden and Harry Poole are arranging Grass Valley plans.

Mrs. Paul Kemper, head of the finance committee, announces several volunteer contributions have been made to help cover the expenses of the celebration. Those desiring to give financial aid can leave contributions at the bank.

Max Solaro, head of the decoration committee, said his committee is willing to assist local merchants in the decoration of their stores for the celebration.

Assemblyman Allen G. Thurman of Colfax, who has always taken a personal interest in Nevada City affairs, has contributed the sound system for the celebration. Art Remple's sound system will be used.

A platform will be constructed in front of the Elks Building on Pine Street for entertainment programs and for a literary program on the day of the Fourth.

Carelessness Starts Two Fires In Lake Tahoe, Truckee Region

Forest Supervisor Guerdon Ellis has returned to Nevada City from an inspection trip of the Lake Tahoe and Truckee area. According to Ellis this area as well as other parts of the Tahoe Nnational Forest is beginning to dry out rapidly and as a result two forest fires have been carelessly started in the past week — one of these fires was traced to the use of matches by minor children, and the other by the careless dumping of ashes by an adult. In view of the many hazards facing our forests, including the threat of sabotage or bombing, Ellis urges the public to do all in their power in practicing and advising fire prevention in a wholehearted effort to prevent the recurrence of fires of this type.

Youths Between 18-20 Will Register For Service In Nevada County Tuesday

A. M. Holmes will be the chief registrar at the fifth Selective Service registration here next Tuesday, June 30th. Local youths between the ages of 18 and 20 are required to register. The local registration will be in the supervisor's room at the courthouse.

At Chicago Park the registration will be held in the school house. Those in the Indian Springs area will be registered at the Tom Casey residence. In North San Juan, L. W. Woods will handle the registration in his store. At North Bloomfield Mrs. C. E. Clark will register at her home. Soda Springs area youths will register at the Soda Springs Hotel. In Truckee they will register at the Sierra Sun and in Washington at the postoffice.

A. C. Presley, Local Realtor, Dies Suddenly

A. C. Presley, well known real estate and insurance man of this city, passed away suddenly of a cerebral hemorrhage at 2:30 o'clock this morning. Dr. S. Fritz Tobias, the family physician was called but the man was pronounced dead. Holmes Funeral Home has taken charge of the remains.

Presley was about 45 years of age and had led an active life in his chosen vocation. Many friends will be shocked at the news of his untimely death. He had done much in his daily life to promote the prosperity and best interests of this city. He was an active and enthusiastic member of the Nevada County Golf Association, and an ardent fisherman and sportsman.

He leaves his wife, Mrs. Elsie Presley, and three daughters, Misses Betty and Patricia Presley, and Jane, who is married.

A Letter From Home

Life Goes On As Usual; Births And Weddings In The News

Following is the second of the weekly letters which can be clipped and sent to relatives or friends who are now living elsewhere. The letters, which will be published each Thursday in place of the Caught in the Riffles column (which is now a Monday feature) sum up the news of the week and adds a few incidents which will interest former residents.)

Dear .....

Another week rolls by and life goes on as usual in Nevada City.

New arrivals included a daughter to Chief of Police and Mrs. Max Solaro. It will not be long now before we hear the pitter patter of little feet running up and down the stairs at the City Hall.

Happy to say the week passed without a single Nevada Cityan called by the Grim Reaper. Years of observation has convinced us that people are determined to live when the weather is as fine as it has been here during the past couple of weeks.

Marriages included that of Mrs. C. W. Leiter of Nevada City and Councilman Richard Trathen of Grass Valley and Miss Barbara Phariss, daughter of the Phil Phariss', to Clyde Mitchell Coffer. The latter wedding was a beautiful affair. The Methodist Church altar before which the couple were married was attractively decorated with the many varieties of flowers which are so prevalent in Nevada City this time of the year. Wedding guests eyed the bride's bouquet with wonder. It developed that the bouquet was of orange blossoms from Mrs. Phariss' father's ranch in Southern California. The bride was reluctant to leave the church by the front entrance after the wedding but when she was finally persuaded to do so her reason was apparent. Friends peppered them with rice. The rice came from every direction. Was it by mere coincidence that a goodly portion fell upon Don Raney, local high school instructor and Barbara Warren?

Well, another San Juan Cherry Carnival has passed. The usual large crowd attended this year's event. Boxes of cherries were distributed about town for every one to eat. Wonder when a cherry carnival can be held without at least one fight. Maybe it's the effect of the cherries and beer mixture.

It was originally planned to occupy Nevada City's new postoffice by July 1st. That is impossible now. It seems skilled men are hard to get and only a few workers are available for the interior finishing.

Monday's Nugget carried an item concerning the "eye-sore" spectacle of broken beer bottles scattered on the sidewalk and on the street in front of the Masonic Building on Pine Street. As a follow up it can be told that Chief of Police Max Solaro questioned some of the participants in the "beer bust", later turning over the investigation to Inspector Russell Farley of the state board of equalization. It appears, though, that the celebrants were all over 21.

When you return to Nevada City you are going to notice a decided change on Broad Street. The picturesque wooden awning over the sidewalk in front of Bowman's Beauty Parlor and Larsen's Barber Shop is no more. A car ripped out one of the posts and practically half of the awning tottered precariously. Rather than repair the damage, Harold Hartung, owner of the building, ordered the historic awning ripped out. Soon modern canvas awnings are to be installed.

Friends of Dr. W. W. Reed, soon to be an army doctor, are arranging a farewell party for him. The Nugget you know sometime ago reported Dr. Reed was destined to be called into the army. At the time the article was printed there were some who took it upon themselves to denounce the statement as mere fantasy. There will be no gloating on our part, however, for Dr. Reed will genuinely be missed. Dr. Reed could probably have claimed exemption from army service because of the fact he holds the important position as county physician. He didn't ask to be exempted, though, and from what we hear insisted, apparently because he is unmarried, that he be taken first.

Dr. George Foster of Grass Valley, who has been assisting Dr. Reed at the county hospital, may be the new county physician.

Emmett Gallagher was entrusted with securing 20 registered Democrats as signers of Dr. Walter Hawkins' and Curran Heath's nomination papers for Democratic Central Committee. Gallegher secured 20 signers and dutifully filed the papers with the county clerk's office. A checkup of the signers, however, revealed one of the signatures was that of a Republican!

Because the nomination papers had been filed at the last minute there was no time to secure additional signatures so Hawkins and Heath didn't qualify for the ballot.

No one in Nevada City qualified for central committees either on the Democratic or Republican slates. Grass Valley qualified 11 Republicans and four Democrats.

As far as the gold mining industry is concerned, Nevada City's payroll is pretty slim but do you know scores of local residents are employed at the cntonmen?t Others are working on the underground telephone line over the summit and other local residents are expected to be employed soon on the construction of the P. G. & E. plant below the Narrows Dam. All in all, quite a bit of money is still flowing into the town.

The weekly payroll of county workers employed at Camp Beale is $48,000.

Tex Straw, the rattlesnake-eating mine watchman from Willow Valley is proudly displaying a new shirt. Tex has discarded his striking plaid shirt for a silk dude shirt with "Ride 'Em Cowboy" written generously over its surface.

Nevada City is preparing for a gala Fourth of July celebration. Be sure to return for the event if you possibly can. It will be an old fashioned celebration and everyone will have a good time. Max Solaro, head of the decoration committee, has moved into action and said he and his committee are willing to help local merchants decorate the exterior of their stores.

Flags will be prominently displayed and Solaro said business houses who have no holes in the sidewalk in front of their establishments for the displaying of a flag can have the holes drilled free of charge by contacting him.

Did you ever see evening primroses? Ray Wilde has some in his yard. The flower blossoms only at night and they fade the next day. You can see the primrose burst into bloom. It is interesting to watch this phenomena of nature.

Well, it's time for another letter to close. Goodbye until next week.

Mountain Lakes Closed To All Boat Fishermen

The Nevada Irrigation District, through J. A. Keleher, mountain division superintendent announced today that boats will be prohibited for the duration of the war at Bowman, French, Sawmill and other important storage units of the NID.

The action of the NID is following out the recommendations of the United States Army. It was presumed here the Pacific Gas and Electric Comany will take similar action at Lake Spaulding and its other mountain lakes.

Keleher said the roads to the various lakes will be posted to inform fishermen and vacationists of the boat ban order. It is not yet known whether Lake Fuller or Scotts Flat, two of the most popular bodies of water for boats, are effectedl by the order.

DOING THE IMPOSSIBLE

Now it's an army of 8,000,000 men by the end of next year and a seven-ocean navy. Since Pearl Harbor $72,603,000,000 have been appropriated for weapons and equipment that will beat the Axis. That's the victory news from Washington these days. Production schedules are so huge that you begin to ask if all that work can be done, and done in time even in the wonder world of America's mass production factories.

But when the first war schedule was announced after Pearl Harbor it seemed so impossibly huge that the Axis called it propaganda and said that for all our manufacturing skill and great resources we couldn't do it. You remember that schedule—125 000 airplanes. 75,000 tanks, 10,000,000 tons of shipping by the end of 1993.

Today our factories are turning out these planes and tanks and ships so fast that in many instances they are actually ahead of schedule. Proof of that is given in the stories written by the newspaper men who made a tour through several of the country's closely-guarded war plants. They reported some astonishing facts.

Liberty ships are now being built in 100 days and less, instead of the original estimate of 200. A factory manufacturing machine guns has doubled its production since February. The United States is now far ahead of the Axis in the number of machine tools it is making for use in war plants.

In almost every instance weapons are being produced faster today than most people thought possible only a short time ago. Big as the original schedules were, they are actually being exceeded. And the new ones will be exceeded, too, for our industries have hit their victory stride. Doing the impossible is for them almost a routine job today.

Trinity Sunday School Will Hold Picnic At Pioneer Park

Plans were made by Trinity Sunday School teachers at a meeting held Tuesday evening for a Sunday School picnic to be held next Monday evening, June 29, in Pioneer Park from 4:30 till 7:30 p. m.

The boys and girls are asked to bring their lunches. Ice cream and liquid refreshment will be provided by Trinity Sunday School. Games with prizes of War Savings Stamps are being planned by the teaching staff. All parents are cordially invited to be present with their children Monday evening.

Those present at the meeting held at the residence of Rev. Porter were: Miss Elma Hecker, superintendent; Mrs. Helen Sawyer, Mrs. John Filler, Mrs. Thomas Hill, Mrs. Fred Anderson, Mrs. Dorothy Southern, Miss Lucille Danos.

Mr, and Mrs. Albert Pratti and Miss Ida Pratti of San Francisco spent the weekend in Nevada City with their parents, Mr. and Mrs. Arthur Pratti.

VITAL STATISTICS

BIRTHS

MILLER—In Grass Valley, June 23, 1942, to Mr. and Mrs. Roy Miller, a son.

HOWELL—In Grass Valley, June 23, 1942, to Mr. and Mrs. Charles Howell, a son.

BUTLER—In Grass Valley, June 23, 1942, to Mr. and Mrs. Ellis Butler, a daughter.

BRANDON—At the Miners Hospital, Nevada City, June 21, 1942, to Mr. and Mrs. Russell Brandon, a daughter.

WILLIAMS—In Nevada City Sanitarium, June 22, 1942, to Mr. and Mrs. Luburn (Buster) Williams, a son.

MARRIAGE DECLARATIONS

DAVIDSON-DELISLE—In Nevada City, June 24, 1942, by Frank Howard Davidson, 19, of San Francisco, and Rose Belisle, 17, of Nevada City.

DIVORCE

STARR—In Nevada City, June 24, 1942, Verna G. Starr against James H. Starr; interlocutory decree granted.

HOBSON—In Nevada City, June 24, 1942, Ona Hobson against Vivian T. Hobson; final decree granted.

WHITING—In Nevada City, June 24, 1942, Florence L. Whiting, against Carl Whiting; final decree granted.

DEATH

BOWDEN—Near Freeman's Crossing, Nevada County, June 24, 1942, Mrs. Lucille Minnie Bowden of San Jose, mother of Mrs. Madeline Lee of the Bereford Ranch, Alfred Bowden of Spreckles and Frank Bowden of Coalinga; a native of San Benito County, aged 70 years. The funeral services will be held at 2 o'clock tomorrow afternoon at the Holmes Funeral Home in Nevada City. Burial will be in the Pine Grove Cemetery.

ST. MARY'S COACH IS WELL KNOWN HERE

Nevada Cityans were delighted when Jimmie Phelan, former Washington State football coach, was appointed head coach for St. Mary's College. Phelan is well known here through visits with his mother, who formerly resided here and in North San Juan. The coach is a nephew of Joseph O'Connor, county surveyor and Mrs. O'Connor, head nurse at the county hospital.

Athenians Paid Sailors Only 9 Cents a Month

LOS ANGELES, June 26. — The Greeks had an idea about paying enlisted men which does not jibe with Uncle Sam's, according to Dr. Arthur P. McKinlay, professor of Latin, emeritus, on the Los Angeles campus of the University of California.

"The Athenians paid their sailors nine cents a day, not through a lack of money but for fear some of them would injure their health by spending their money on things which bring on sickness," So spoke Alchiades the general, 410 B. C., in Thucydides, VIII, section 45, Dr. McKinlay reminds.

"As for our own well being and fighting powers," said Dr. McKinlay, "I would take a large percentage of the gross receipts the sale of tobacco, wine, beer, whiskey and cokes and put it into a reserve fund to take care of the wastage of these businesses."

FORMER RESIDENT VISITS HERE

Mrs. S. H. Corbin, who formerly lived in Nevada City, visited with friends here this week. The Corbins have purchased a farm in the Peardale district. Mrs. Corbin is well known to many Nevada City residents as Mrs. Bowman wife of a former foreman at the Deer Creek powerhouse.

Mrs. Julia Manion and her sister Miss Mary Purcell who have spent the past six months in Grass Valley leave this week to spend the summer at their mine at Moores Flat. Mrs. Manion has been quite ill for some time but is much better now.

Election Notice

Notice by County Clerk of Offices for Which Candidates are to be Nominated or Elected at August Primary Election and Names of Political Parties Qualified to Participate Therein.

Notice is hereby given that the offices for which candidates are to be nominated at the primary election to be held on Tuesday, the twenty-fifth day of August, 1942, together with the names of the political parties qualified to participate in such election are as follows.

State and District Offices

Governor.
Lieutenant Governor.
Secretary of State.
Controller.
Treasurer.
Attorney General.
Member of State Board of Equalization, 3rd District.

Congressional Offices

Representative in Congress 2nd. District.

Legislative Offices

Member of the Assembly, 6th Assembly District.

That the names of the political parties qualified to participate in such election for nomination of candidates for each of the above mentioned offices are as follows:

Democratic.
Republican.
Prohibition.
Townsend.

Notice is also given that at said primary election candidates are to be nominated (or elected) for the following NONPARTISAN OFFICES:

Judicial Offices

Justice of the Peace, Grass Valley Township.
Justice of the Peace, Nevada Township.
Justice of the Peace, Meadow Lake Township.

School Offices

Superintendent of Public Instruction.
Superintendent of Schools.

County Offices

Sheriff
District Attorney
County Clerk and Auditor
Treasurer and Tax Collector
Assessor
Recorder
Public Administrator
Coroner
Surveyor
Supervisor, 3rd. Supervisorial District
Supervisor, 4th. Supervisorial District
Constable, Grass Valley Township
Constable, Meadow Lake Township
Constable, Nevada Township

And Notice is also further given that at the Primary Election there shall be elected in Nevada County, a County Central Committee for each of the following named political parties pursuant to Section 2831 of the Election Code, and the members of said County Central Committee of each party shall be elected from the supervisorial Districts as follows:

1st. Supervisorial District. Democratic 5. Prohibition 6, Republican 6, Townsend 5.

Please Remember...
WARTIME TRAVEL
is not "As Usual"

The pleasant days of travel "as usual" will come again. But right now the war job comes first—and the traveling public must expect some inconvenience and delay. Greyhound is cooperating fully with the Office of Defense Transportation in Washington, D. C., to provide essential service for all those who must *keep rolling to keep America rolling*—selectees, fighting men and war workers.

THIS NECESSITATES:

Operating only essential service.
Eliminating extra buses if not sufficiently loaded.
Reducing operating speed and eliminating fast, limited schedules.
Establishing cooperative service with other companies over certain routes to reduce bus mileage.
Conserving rubber and other vital materials by the above and other means.

HOW YOU CAN HELP:

Make your trips short—as close to home as possible.
Travel only during mid-week—Tuesday to Thursday. Week-end travel is congested by military personnel and war workers.
Carry as little baggage as possible.
Be lenient if there is any inconvenience, delay or crowding.
Think twice before taking any trip—postpone it if you can.
Buy U.S. War Bonds and Stamps.

THE WAR EFFORT COMES FIRST!

Reception of new members. Dr. Creighton pastor of the First Presbyterian church of San Francisco will preach. Also Rev. Hall from the Senimnary will assist.

REV. DAVID RALSTON,

Trinity Episcopal Church

Trinity Episcopal Church Sunday School at 9:45. This will be the last Sunday School session until after Labor Day. The Sunday School picnic will be held Monday atternoon from 4:30 till 7:30. Boys and girls are asked to bring their sandwiches, refreshments will be served by the Sunday School staff.

Morning prayer with sermon by Rev. Cedric S. Porter at 11. Music by Trinity Choir under the direction of Mrs. Carl Libbey, Mrs. Fred Anderson, organist.

Catholic Church

Two masses will be celebrated Sunday at the St. Canice Catholic Church. The first mass will be at 8 a. m. and the second at 10:30 a. m. Father Patrick O'Reilly will conduct the services.

Christian Science Society

The Chritsian Science Society in Nevada City holds service at 114 Boulder Street every Sunday at 11 a. m. Sunday School at 9:45 a. m. A testimonial meeting is held the first Wednesday of each month. The reading room at 117 Broad Street is open every day except Sundays and holidays from 2 p. m. to 4 p. m.

Christian Science will be the lesson sermon Sunday. The Golden Text will be:

"Laying aside all malice, and all guile, and hypocrisies, and envies, and all evil speakings as newborn babes, desire the sincere milk of the word, that ye may grow thereby," (I. Peter 2: 1, 2).

Bible selections will include the following passage from Jeremiah 1: 6,7: "Then said I, Ah, Lord God! behold, I cannot speak: for I am a child. But the Lord said unto me, Say not, I am a child: for thou shalt go to all that I shall send thee, and whatsoever I command thee thou shalt speak."

Passages from the Christian Science textbook, 'Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included which read as follows: "The author has not compromised conscience to suit the general drift of thought, but has bluntly and honestly given the text of Truth. In the spirit of Christ's charity—as one who 'hopeth all things,' and is joywul to bear consolation to the sorrowinf and healing to the sick—she commits these pages to honest seekers for truth." (Pref. x, xii.)

MAY GAS SALES SHOW DECREASE

SACRAMENTO, June 25.—A continued decrease in taxable gasoline sales throughout California as a result of restrictions on automotive equipment was reported today by by the State Board of Equalization.

On the basis of Board records, taxable sales of 161,475,880 gallons of gasoline were made during May. The assessment amounted to $4,844,276-.43 as compared with $5,623772.97 for the same month of the previous year, a loss of 13.86 per cent.

The May sales, however, were slightl in excess of those for April when the tax amounted to $4,574,-370.91.

During the first five months of 1942, the assessed tax amounted to $23,809,273.13 as compared with $24,934,907.97 for the same period of the previous year.

SACRAMENTO, June 15.—(UP)—The California Toll Bridge Authority is considering removing approximately 100,000 feet of copper trolley wire from the old interurban electric system on the San Francisco-Oakland Bay Bridge and selling it to the Key System, Secretary Frank W. Clark announced today.

Harry Englebright Of This City Asks Reelection As Congressman

Congressman Harry L. Englebright of Nevada City, who may not leave Washington to campaign for reelection, has issued the following statement to the people of the Second Congressional District, embracing eighteen counties in California:

I am a candidate for re-election to congress from the second congressional district of California.

Our country is now engaged in a great war. Justice and decency, democracy and freedom are opposed by the wicked forces of ruthless aggression, tyranny and slavery. We have pledged our fortunes, our lives and our sacred honor in order to bring about victory to the United Sttes and its allies, and to defeat Hitlerism and the treacherous Japs.

Our victory must be complete, conclusive, decisive. We must dictate the terms of the peace.

There is one common task confronting our people, confronting the congress and confronting the president of the United States—it is the task of turning all of the man power, all of the strength, all of the resources of our country toward the production of guns, planes, tanks and ships, to win this war—and to win it as quickly as possible.

The war effort must be conducted with the utmost vigor and efficiency. All elements of delay or waste must be eliminated speedily.

I am dedicated to all these objectives.

The president, by the constitution is Commander-in-Chief of the army and navy. He is charged with the

conduct of the war. He has had and will continue to have my full and complete cooperation.

I have supported and voted for all war measures and appropriations and will continue to do so.

After the war has been brought to a victorious conclusion, as it will be, the responsibility of this nation cannot be circumscribed within its territorial limits, and as a nation we have an obligation to assist in bringing about an understanding and cooperation among the nations of the world. We not only must aid the world to survive the war, we must aid the world to survive the peace.

As your representative in congress such will be my purpose.

The second congressional district of California covers a vast area. It is a rich storehouse of natural resources and raw materials, unexcelled by any other like area in the United States. Its minerals, and metals, its forests and timber products, its sheep and cattle its agricultural products, its hydroelectric energy its industrial pursuits and other activities must be expanded and brought as quickly as possible into maximum production, and coordinated in the war effort. The expansion of the district's industries will be the basis of a permanent and increased prosperity for our various communities and localities after the war.

Having been born and raised and lived all of my life in the district, and through my work as mining engineer, and as your representative in congress, I am intimately acquainted with every section of the area. I have been closely associated with, and have made an intensive study of its resources, its developments, and its activities. I am thoroughly familiar with all of our multiple problems. This study and knowledge have enabled me to efficiently advance your welfare.

You, the people of the district, know of the many large projects and developments that I have brought to the district and of the other important benefits of all kinds that you have received through legislation that I have introduced and have had enacted into law, and through legislation that I have supported. I intend to continue my fight in the congress for the advancement of the great mining, agricultural, live stock lumber and hydroelectric and other industries and interests of the district, and to assist in making their products available to the war effort.

With reference to the bill for the so-called pensions for senators and representatives in congress, I voted against such a proposition on a teller vote in 1939, and I did not vote for the bill passed this year, and as the record will show, I voted for the repeal of the law.

Due to the emergency and the war the congress has been in almost continuous session for the past three years. Therefore, except for a few brief official trips to California, I have been unable to make my usual visits and tours throughout the congressional district. I have remained in Washington during all of this period to protect your interests.

The war has brought to me congressional responsibilities and duties of vital importance to the people of our district. It is difficult for me to determine when I will be able to be in California and I, therefore, will have to ask my friends throughout the district to care for me in the coming election.

Usual Forest Fire Prevention Regulations Are Now Effective

Guerdon Ellis, Supervisor of the Tahoe National Forest states that the usual forest fire prevention regulations will be in effect on the Tahoe National Forest between the dates of June 25 and October 15, 1942.

These regulations should not be confused with area closures that may later be placed in effect to exclude all travel from certain areas within the forest should the severity of the fire season demand it.

According to Ellis, normal hazards and dangers from forest fires now exist on the Tahoe National Forest and under authority vested in the Regional Forester by Federal Regulations, the following restrictions will be in effect on the Tahoe National Forest:

1 Camp Fire Permits will be required within the National Forest. For compliance with the regulations of the permit it is recommended that a shovel should be carried to cover and extinguish all fires. These permits will be required by all campers and picnikers.

2 Smoking is prohibited except at improved campgrounds, places of habitation, public highways and areas especially posted for smoking.

3 Fire Works. The discharging of fire works within the National Forest is prohibited.

4 Throwing cigars, cigarettes, etc. where they may directly or indirectly start a fire is prohibited.

5 Permit Burning. According to instructions received from the military authorities the following is automatically made part of all burning permits on the Tahoe Forest: No permit fires will be allowed to burn after sundown. A violation of this clause may readily be a guiding light for enemy operations.

BOTTLE SHOP LIQUOR LICENSE SUSPENDED

A notice of the suspension of the liquor license of the Bottle Shop, operated here by Mr. and Mrs M.aurice Packer, was posted yesterday in the local liquor store's window by Russell Farley, inspector for the state board of equalization. The suspension is for 30 days.

A referee of the state board of equalization conducted a hearing here recently into charges against the Bottle Shop of selling liquor to minors and the suspension of the license was the result of an added charge of selling liquor to an intoxicated person, preferred by Sheriff Tobiassen.

Superior Judge George L. Jones has under advisement the appeal of District Attorney Vernon Stoll of Justice of the Peace George Gildersleeve's ruling granting a new trial to Mrs. Packer following her conviction in the justice court on a charge of selling liquor to a minor. The charge was preferred by Sheriff Carl J. Tobiassen.

Justice Gildersleeve granted the motion for a new trial on the ground the prosecution, as required by law, did not prove the alcoholic content of the liquor she allegedly sold to the minor. Stoll appealed the decision.

Those Who Eat 12 Meals In Restaurant Must Give Proprietor Sugar Book

A consumer who registers to eat 12 or more meals a week in any establishment registered as an institutional user must surrender his war ration book to the owner or manager of the establishment. The war ration book shall be returned to the consumer when he ceases to eat 12 or more meals at the establishment. At the time of return stamps for the ration period while such an arrangement existed shall be detached by the owner or manager and surrendered for cancellation to the War Price and Rationing Board having jurisdiction over the establishment.

DRUNK DRIVING UP 52 PER CENT

SACRAMENTO, June 25.—(UP)—A sharp upturn in the incidence of drunken driving in California was noted today by the Bureau of Statistics of the State Department of Motor Vehicles.

During the first four months of this year, the bureau reported, 1,015 traffic crashes occurred on the rural roads of the state, involving drivers who had been drinking. This represented a 52 per cent increase over the some period last year.

In addition, 97 per cent of the accidents involved the death of one or more persons, a 70 per cent increase over figures for a year ago.

In an effort to combat the menace the state highway patrol has made 2,679 arrests for drunken driving. During the month of April alone, 738 were made for that cause, an increase of 18 per cent over last year.

Patrolmen commented that many of the offenders were workers engaged in war industries.

PEACE OFFICERS MEETING

The Nevada-Sierra Peace Officers Association will hold its regular monthly meeting and dinner at Hotel Golden in Grass Valley on Friday evening, June 26. Dinner will be at seven o'clock. It will be a "Ladies' Night". Sheriff Tobiassen will be the speaker.

SORRY- You Were Late

Frankly, we have been swamped with passenger travel.

We are glad of it—proud of it. Carrying passengers is our business and we are doing the job the very best we know how. Every transportation company in the nation is doing their best, too. We're all trying to keep up schedules, maintain convenience and service.

There are a few drawbacks that you can help us iron out.

One of these is the last-minute rush of passengers to secure their tickets. It takes time. Valuable time—when we must leave and arrive on schedule to make timely connections with the major lines; this fact is vitally important to the passengers we serve. So far we haven't found it necessary to hang out a sign saying—"Sorry . . . you were too late!" But it has been nip and tuck for some belated passengers.

HELP "KEEP 'EM ROLLING!"

If you will follow these simple suggestions you will help us, you'll help yourserves toward securing better service—and you'll help your nation in it's great on-the-move war program.

—GET TRAVEL INFORMATION AND BUY YOUR TICKETS IIN ADVANCE OF THE DAY YOU TRAVEL!

(That's very, very important)

—Go earlier on your vacation—June and the Autumn season are ideal.

—Plan your travel for mid-week if possible. You will enjoy better accommodation, less delay.

—Call us for any information. Phone Enterprise 10506 if you live in Nevada City or Call 1010 if you live in Grass Valley. We welcome phoned inquiries.

TAKE IT "THUMBS UP"

....If busses happen to be crowded and there aren't seats for love or money, if delays and inconveniences crop up, take it "Thumbs Up!" Blame it on Hitler and Hirohito . . . traveling on a bus that's a little crowded isn't half as bad as being on a crowded life raft or jockeying a machine gun on guard duty on the chill Alaskan coast . . . We know you won't complain—winning this war, and as quickly as possible, is the first responsibility of all of us!
